Lucknow, UP

Education

- Institute of Engineering and Technology, Lucknow** Lucknow, U.P., India
B. Tech. - Computer Science and Engineering | CGPA: 8.1/10 Nov 2023 - Jun 2027
- Bhavan's K D K Vidhya Mandir Renukoot** Sonebhadra, U.P., India
Class XII - Physics, Chemistry, Math, Computer Science | 90.8% Apr 2021 - May 2022

Achievements

- LeetCode**: Knight | **Highest Rating: 2039** – Global Rank 245 in BiWeekly Contest 152 (Top 0.8% globally)
- Codeforces**: Pupil | **Highest Rating: 1282** – Global Rank 2921 in Round 1020 (Div. 3) out of 20,000+ participants
- K3PC Algorithmic Contest**: Secured 5th Position in regional algorithmic contest (Oct 2025)
- Smart India Hackathon 2025**: **Grand Finale Participant** | Selected for Software Edition Grand Finale (Dec 2025)

Projects

- AI Risk Manager Return Risk Scorer** | GitHub | Live
May 2026
 - Developed a machine learning system to predict e-commerce return risk using customer, product, order, shipping, and behavioral features with leakage-free temporal feature engineering.
 - Compared Logistic Regression, Random Forest, XGBoost, and LightGBM using ROC-AUC, F1-score, and cost-sensitive evaluation on held-out data.
 - Implemented SHAP-based risk explanations and a cost-sensitive threshold optimizer to support merchant review and dispatch decisions.
 - Tech Stack**: Python (Pandas, Scikit-Learn, XGBoost, LightGBM, SHAP), FastAPI, JavaScript, HTML/CSS
- Bank Transaction System** | GitHub | Live
Jun 2026
 - Engineered an ACID-compliant banking engine in Node.js/Express featuring an append-only double-entry ledger.
 - Implemented multi-document MongoDB transactions and optimistic locking to prevent concurrent transfer anomalies.
 - Integrated request idempotency handling, secure JWT-based auth, and rate-limiting middleware for financial endpoints.
 - Tech Stack**: Node.js, Express.js, MongoDB, JWT, REST APIs

Experience

- Frontend Developer Intern** Hindalco Industries Limited, On-Site
Jun 2025 – Aug 2025
 - Developed a chatbot interface to enable users to interact with the application through a conversational UI, handling user inputs and dynamically displaying responses.
 - Designed and refined chatbot UI components, focusing on responsive layouts, intuitive interactions, and consistent integration with the existing application.
 - Identified and resolved UI issues across application screens and proposed UI/UX improvements to enhance usability and user experience.
- ATL Trainer and Mentor** JNV Sonebhadra
Atal Tinkering Lab Nov 2024 – May 2025
 - Mentored 50+ students in robotics, competitive programming logic, and IoT microcontroller integration.

Skills Summary

- Languages and CS Core**: C/C++, JavaScript, Python, SQL, Data Structure Algorithms, OS, CN, ML
- Web Technologies**: React.js, Node.js, Express.js, MongoDB, CSS, HTML
